February 2020

In our November News we announced the rollout of our annual scholarship available to our member choruses. If you have not yet started, NOW is the time to form a Scholarship Committee, develop your criteria, and contact your local high schools, including apprenticeships, occupational trades and vocational training schools. For choruses who do not have an existing scholarship program please checkout the **Scholarship** section on our website at www.nyssb.org for details of our program and sample announcement and contact information.

The time we have is passing by; leave a legacy to our future singers and musicians. We encourage our more senior members and friends of our state wide German-American communities to donate to our Memorial Fund and continue the traditions of supporting and developing our youth. Vielen Dank!
